It is the ultimate entrepreneurial experience for small and medium business owners; an intensive, 8-hour program where you'll learn how to think and act like an entrepreneur, and how to put yourself in control of creating your own profitable and satisfying business.

You'll team up with similar business owners, from all disciplines across the country, while being presented with course material on a over 14 of life-changing business courses.

Our facilitators will wow you with the range of course material that, if applied has the ability to change the trajectory of your business for a lifetime.

In developing this concept we found college research on over 100 home and small businesses that have scalability or considerable growth potential and have hand picked this 8-hour curriculum into the absolute most needed education for business owners in this tech savvy era.

This is your time to propel your brand & your business forward, get the kind of results your projected at the start, by the getting the information you need **now**.
