Southern Eleuthera Elderly –Eleuthera
Senior Citizens' Recreational Centre –Long Island

Family Guardian's Founders' Day is celebrated each year as an occasion for community building in the neighborhoods where we work and live.

Our new social outreach programme began in 2010 to commemorate the company's 45th Anniversary. On the third Friday of September our offices close for business and we pay tribute to our early pioneers and the communities we serve with visits to charitable organizations and neighboring schools.

Each year our staff and agents select the people and places they wish to share the day with and plan a programme of entertainment, games and refreshments. This September, management, staff and agents from Family Guardian, BahamaHealth, FG Insurance Agents & Brokers, FG Financial, and FG Capital Markets celebrated Founders' Day at nineteen special organizations (listed at left).
